# Your membership Our community

#### Imagine what's possible

#### Membership unites our community to drive positive change.

Endeavour Foundation is one of Australia's largest and oldest humanitarian organisations. Founded in 1951, our mission has evolved to include a wide range of support for people with disability including education, employment, lifestyle choices, accommodation and fundraising. Just like our founders, we are committed to advocating on behalf of people with disability.

Membership of Endeavour Foundation provides you with an opportunity to assess what we do and offer feedback. We value our members' opinions as we strive to ensure our services and supports are continuously developed and improved. Only by moving forward towards our common goals, can we continue to provide sector leadership and innovation.

Your membership enables us to expand and create services and policies that have benefits far beyond today, so that people with disability can live their best lives.
